Solved 100+ Problems

🏆 ACHIEVEMENTS

- Secured Global rank of 1422 in Google Kickstart Round B 2022.
- Secured Rank 5 and Winner (Junior) position in AlgoUniversity's CodeRush Coding Challenge.
- Secured Rank 464 out of 11,000+ in AccioWars- the Coding Contest was organized by AccioJob.
- 700+ questions across all platforms.

📁 PROJECTS

Pathfinding Visualizer [↗](#)

Live Project [↗](#) || Source Code [↗](#)

- Built a **React app** to visualize the shortest path.
- Implemented **Dijkstra's algorithm** in **javascript** to find the **shortest path** from the start node to the finish node.
- Each node can be either **weighted, unweighted**, or an **obstacle**.
- Used **animation** to visualize the algorithm and render the shortest path.
- Used **cookies** to display the tutorial popup once.

Personal Portfolio [↗](#)

Live Project [↗](#) || Source Code [↗](#)

- This is a basic, pretty simple personal portfolio site, that I have made by using HTML, CSS, and JavaScript.
- This site gives a brief introduction about me.

🧠 SKILLS

C++

ReactJS

Data Structures and Algorithms

JavaScript

HTML

CSS

📄 CERTIFICATES

- Secured Rank 5 and Winner (Junior) position in AlgoUniversity's CodeRush Coding Challenge [↗](#)
- Problem Solving Certificate (Basic) HackerRank [↗](#)
- Problem Solving Certificate (Intermediate) HackerRank [↗](#)
